Who are we and what we can do for you

The Leicester, Leicestershire and Rutland Motor Neurone Disease (MND) multidisciplinary team clinic is held at LOROS twice a month on a Tuesday and the MND nurse specialists also run regular clinics on other days.

The MND multidisciplinary team includes specialist doctors, specialist nurses, specialist therapist and volunteers from the local MND Association.

Other team members include staff from other organisations such as Leicestershire Partnership Trust and University Hospitals of Leicester, and

local authorities. For example speech and language therapists, dietitians, occupational therapists, physiotherapists, the ventilation team and social workers may also see you in the clinic, depending on your needs.

Members of the team will visit you if you are unable to come to us.

Your clinic appointments may last up to an hour and you may be seen by any member of the MDT team.

The team aim to support you and your family and carers and will aim to address the issues that are important to you.

These may include:

- Reviewing your medication
- Providing practical advice on managing symptoms
- Co-ordinating the provision of equipment
- Planning for the future

The team will offer continuing support as you require it.
