Spoke to an incredibly anxious patient with such compassion and kindness whilst also giving all the important information. You would be the doctor I would want to treat my family.

He goes above and beyond for the customers in the shop and makes mine and other peoples day so much brighter.

Always keen and enthusiastic in supporting healthcare professionals that want to learn about the CNS role.

A wonderful doctor. She spends so much time with patients, relatives, staff and other junior doctors. Always teaching them and showing/sharing her knowledge. Always taking pride in what she does and showing care and compassion to everyone

When we didn't have a chef to cook Sunday lunch. They helped to serve, clean down and most importantly they washed the pots and dishes. They did all of this without being asked.

Goes above and beyond to ensure that they have the best care they can.

He is so hard working and always is ready to collaborate and support the whole team.
