Thank you for your generosity. These experiences wouldn't be possible without your support:

The staff at LOROS are angels walking the earth. The time they give you is amazing. It's what makes the difference.

I feel like I've put down a huge heavy suitcase of emotion (*at Day Therapy*), & I don't have to take it with me anymore. I can leave it behind. I feel lifted.

LOROS isn't just a place to die. It's about living as long as possible with as much fun, enjoyment & sparkle in your life as is out there.
